Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention:

a. Claim 1 and claims dependent thereon are rejected because in claim 1 (page 2), the phrase "nucleofugal organic group" is not clear. What is it? What is covered and what is not? There is no guidance in the specification. Note that "nucleofugal" is not a standard chemical term.

b. In claim 1, the phrase "with a pK greater than" is not clear. What is pK? Is this pKa or pKb?
